	Title	Current OR	Current XRef
1	Transalkylation process for producing aromatic product using a treated zeolite catalyst	585/475	585/906
2	Continuous process for preparing ethylbenzene using liquid phase alkylation and vapor phase transalkylation	585/449	585/453 ; 585/467
3	Process for preparing short chain alkyl aromatic compounds	585/467	585/449 ; 585/453
4	Process for preparing short chain alkyl aromatic compounds	585/467	585/446 ; 585/453
5	Process for producing gasoline having lower benzene content and distillation end point	585/323	208/100 ; 208/62 ; 208/92 ; 585/310 ; 585/467 ; 585/800
6	Transalkylation of polyaromatics	585/474	585/475
